ACKNOWLEDGMENT OF FINANCIAL RESPONSIBILTY

- 1. You are ultimately responsible for payment of medical charges regardless of the type of medical insurance which you may have. It is your responsibility as the patient to provide C.P.M. with active, up to date up to date insurance the time your services are rendered; it is also your responsibility to notify C.P.M. staff of any cannges to your policy and/or coverage.
- 2. Your insurance benefits will be verified by C.P.M. billing staff as a courtesy prior to your visit. If a deductible or coinsurance applies to office visits or any treatment performed by the doctor, payment is due at the time of service. The amount collected at the time of service will be based on the current contract rate. Our office will bill the carrier, and if the allowed amount on the explanation of benefits (this is a form we receive from the insurance carrier after your claim processes) is different than the amount collected at the time of service, you will be balance billed.
- 3. Outstanding balances need to be paid and/or addressed with the C.P.M. billing department within 30 days of the 1st issued billing statement unless prior arrangements have been made with the Office Manager or Billing Manager.
- 4. If you have insurance coverage with Medicare or an HMO/PPO which we are contracted with, you may need to pay any applicable copayment, coinsurance, or deductible at the time of your office visit.
- 5. If you will be needing a procedure, your insurance benefits will be verified and you may need to remit a deposit for your scheduled procedure. You will then be responsible for payment of the balance of your account once your primary insurance pays on the procedure. Pre-verification is not a guarantee of payment to us; therefore, if your insurance does not pay on your procedure for any reason, you will be responsible for payment of all procedure charges.
- 6. If your account is not paid and we need to turn your account over to our collection agency to pursue payment, you will be responsible for all charges incurred as well as all collection costs and fees.
- 7. Occasionally, patients request completion of miscellaneous forms for various purposes. Form completion fees are between \$15 \$75, and are due and payable from the patient. These services are not billable to the insurance carrier.
- 8. We may charge a reasonable fee for copying of patient records and may ask for payment in advance. It is customary for physicians, when transferring care, to provide copies of the patient's records to another physician's office free of charge. The patient must complete a release of medical records form.

I acknowledge that I have read and understand the above financial policies of Creekside Physical Medicine, P.C.
